

Managing your health just got easier.

RevUp is a great benefit for most Medicare patients.

Coordinating your healthcare.

We have partnered with RevUp to offer you a great new program that will help you, your family, and all your doctors better manage your healthcare and work together for your health.

What you get:

- Coordinated Care
- Better Medical Visits

What does it cost?

For many patients, RevUp is covered by Medicare. Talk to your doctor to see if you qualify.

65

Percent

of RevUp users avoid duplicate tests, labs and procedures by sharing health information with their doctors.

What do you have to do?

Approximately once a month, someone from our office will contact you and ask the following questions:

- How are you doing?
- Do you need anything?
- What medications are you taking?
- Have you seen any doctors or had any tests since we last spoke?
- Do you have any upcoming appointments?

Based on your answers, we will:

- Schedule routine and referral appointments.
- Coordinate your care.
- Update your medical record.
- Relay any issues to your doctor.

Benefits for you:

- Improved communication among all your healthcare providers.
- Productive visits with your doctors, as they have all your information beforehand.
- Decreased burden for family members involved in your healthcare.
- Fewer duplicate tests and procedures.
- Up-to-date medication list to improve the accuracy of your medical record.
